2-year-old
ROSES
and

6 **BLUE DELPHINIUMS**

"FOR YOUR FLOWER GARDENS"

Think of it! You get four splendid, 2-year-old, field-grown roses—each a proven winner in the hearts of America's rose lovers—and six lovely Blue Delphinium for only \$1.00 postpaid. Each rose has proved its ability to grow and thrive throughout America and is a proven bargain in beauty and fragrance. These roses are strong, heavy-rooted, 2-year-old plants of hardy variety that will thrive wherever you may live. The six Delphinium are strong blooming size plants that are hardy and easy to grow. The roses you will receive are:

RED RADIANCE (deep red)
PINK RADIANCE (bright pink)
ETOILE DE HOLLANDE (blood red)
K. A. VICTORIA (large, white)

Send just \$1.00 today and we will ship postpaid the above four lovely roses and six Blue Delphinium plants. Order Rose Collection No. PC-1.

Direct from Nursery to You Means Lower Prices!

During the many years that we have been associated with the rose industry, we have visited and bought roses from all of the principal rose growing sections of the country. As a result of the first-hand experience thus gained, it is our firm belief that Texas is by far the greatest rose growing state in America. Its rich sandy soil, mild climate and long growing season produce bigger and better rose plants. Most of our roses are produced in the rich soils of the Natchez River in East Texas—a section that may truly be termed the "Rose Garden of America!"

Texas grown roses are just as hardy in the North as they are in the South. The hardiness of a rose does not depend upon the climate or soil in which it is grown—it depends upon the understock on which the rose is budded. All Naughton roses are budded upon the finest Multiflora Japonica understock and are capable of standing all kinds of weather. Texas grown roses, due to the long growing season they enjoy, are fully matured when they leave our nurseries, thus assuring you the best of blooming plants the first season you plant them in your yard or garden.

Today we are one of the largest shippers of two-year-old, field-grown roses in the entire United States. We never list a rose until we have seen it ourselves, are sure of its blooming qualities, and firmly believe that it will give our customers complete satisfaction.

Early Planted Roses Are Best

We strongly urge you to plant your roses and other nursery stock as early as possible. Early planted stock withstands droughts and irregular weather conditions better than late planted stock. Bushes and trees planted in January, February, March and early April have time to develop their fibrous root system before they are called upon to feed the plant during the period of rapid growth. This can be done successfully with roses, shrubs, evergreens and other nursery stock. Plant them when the ground is still soft.

You Get Only Healthy Plants!

Every plant in all fields and nurseries in Ellis, Van Zandt and Smith counties in Texas where stock handled by us is grown, and in greenhouses, lathhouses and grounds is inspected each year by inspectors from the Texas Department of Agriculture. Naughton Farms, Inc., complies with the laws of all states in transporting nursery stock. When you buy from Naughton Farms, Inc., you get only disease free plants—the best that can be grown!

"OUR GUARANTEE"
If for any reason any plant that you receive from Naughton Farms, Inc., purchased from this catalog fails to please you in every way all you have to do is notify us within 5 days after the date on which you receive your plants and we will either send you other stock satisfactory to you or will refund your money in full. You are the judge! Just be sure you notify us if you are not completely satisfied within 5 days after you receive the goods. Think of it! You can landscape your home, you can plant your orchard, you can enjoy your own rose garden and be assured that the plants you use will arrive in good live condition and will meet with your complete approval. Take advantage of Naughton's amazingly low prices. We will ship your plants any time you say—so order now, tell us when you want your plants delivered, and get Naughton's guaranteed satisfactory plants! This catalog supersedes all previous Naughton catalogs and cancels all previous guarantees and prices. We reserve the right to refund any money sent to us for merchandise at prices lower than quoted in this catalog.
